2	<p><u>Let's do our part to keep everyone safe and healthy</u></p> <p>As shared in earlier Parents' Notifications (T1W0, T1W1, T1W2), contact tracing for Primary schools are now TraceTogether (TT)-based in line with national posture and close contacts will be alerted by MOH. In tandem with that, schools will not be informing parents should there be covid positive cases. Students are reminded to bring their TT tokens with them to school daily to facilitate contact tracing. We would like to assure you that the safety and well-being of our children is of utmost importance. We are closely monitoring the cases and have put in place precautionary measures such as SMM (safe management measures) and daily cleaning and disinfection of classrooms and school premises to safeguard students' well-being. Home based learning may be activated if necessary.</p> <p>We urge all parents and students to continue playing their part by being socially responsible. If your child feels unwell at any point, your child should seek medical attention immediately. If your child has a positive ART result, but does not have any symptoms, please inform the school, and follow MOH's Protocol 2: i.e. isolate for the next 72 hours and do another ART after that. If the second ART result is negative, your child may return to school. For more information on the 1-2-3 protocols, please refer to https://www.covid.gov.sg/.</p> <p>Thank you for partnering the school to make the school a safe place.</p>	ST1 ST3

In addition, extension activities related to the news articles will be conducted during the EL lessons.
